Company Overview

A little Info for You

Golden Life Healing was created from a calling of the heart to help ease suffering in this world. While committed to providing ongoing donations for those in need around our world, our work strives to uplift caring folks who serve tirelessly to support others in our world. Whether our clients are serving their families, own clients, patients, students, teams, or communities, GLH offers support with both healing & energetic, self-care tools.

Our History

Golden Life Healing opened its doors in March of 2019, quickly pivoting to an online practice, serving clients through energy healing and ancient techniques, one of which was guided meditation for healing.

Golden Life Audio Journeys was naturally created when the demand for individual audios became too great. We now serve customers in over countries around this beautiful world!

Our System

The *Golden Life Healing System* is unique, with 3 powerful pillars for healing:

- Ancient Japanese Healing
- Energetic Well-Being
- Sacred Inner Connection

When combined these Pillars become a powerful healing system that empower clients to not only heal, but mentor clients to create their own health & well-being going forward.

Our Values

01 Self-Care & Self-Love

We recognize that to fully serve & care for others, whatever our calling, we must develop self-care and self-love for our own Being.... right here, right now, exactly as we are. As innately worthy, infinite spirits, we are here to walk our Journey on this lovely planet, and fully learning to love our own selves is crucial to optimal well-being along our Path!

02 Health & Well-Being

Golden Life Healing addresses ALL levels of our being in order to feel great and live the life we love. Body-mind-heart-spirit... all the layers from physical to mental to emotional play an integral part. By addressing each layer, particularly the energetic/mind/spirit, we create our own good health & very highest well-being as foundational to living our best life.

03 Balance & Spirituality

The philosophy here at *Golden Life Healing* is that there is no difference between 'worldly' and 'spiritual', but in fact, we are spiritual beings inhabiting this glorious world. The work, therefore, is about Balance. When we balance our energies, our thoughts, our schedules, and our lives, healing naturally takes place as Life, in own bodies miraculously unfolds it's magnificent healing power... the Universal Healing Power within.
